

Japan to India: Exploring Investment Opportunities in India's Battery and Green Steel Sectors

GR Japan and Climate Policy Initiative are jointly organizing this event to foster collaboration between Japan and India in tackling the urgent global challenge of climate change. The strong Indo-Japanese partnership provides a unique platform for expanding green investments, particularly in critical sectors like battery production and green steel. This is an exciting opportunity for Japanese companies to enter the Indian market and understand the opportunities and dynamics within India's green energy landscape. By facilitating discussions and providing insights, this workshop aims to strengthen ties between the two nations while advancing sustainability and innovation.

This hybrid event will focus on critical sectors with immense collaboration potential, namely batteries and green steel. It will feature detailed discussions on India's battery and green steel markets, with insights into the existing landscape, investment opportunities, and the regulatory environment. Attendees can expect an in-depth analysis of the India-Japan Fund and how it can support cross-border investments. A dedicated question-and-answer session will allow participants to engage with experts and explore specific areas of interest.

Participants will comprehensively understand the business opportunities in India's rapidly evolving battery and green steel sectors. The event is especially valuable for Japanese companies exploring investment avenues and Indian companies seeking partnerships with Japanese firms. Key takeaways include actionable market insights, opportunities to engage with stakeholders, and networking with Indo-Japanese green energy ecosystem leaders. Whether online or onsite, attendees will be well-positioned to leverage the growing Indo-Japanese cooperation for sustainable economic growth, making participating in this event a worthwhile investment of their time and resources.

Interested participants can register by filling out [this form](#).

Agenda

Date: 4th October, 2024 (Friday)

Time: 01:00 – 02:30 PM

Venue: Tango Hall, Taj Ambassador, New Delhi

Activity	Time	Speaker
Lunch and Registration		
Opening Remarks	13:00-13:10	Ms. Yuta Hikichi (First Secretary/Officer in Charge of Mineral Resources and Energy, Embassy of Japan in India)
